

## POSITIVE IMPACT EVENTS

# EXPLORING THE FUTURE OF HOW HUMAN CONNECTION HAPPENS

## AGENDA: 22ND SEPTEMBER 2020

### OUR VISION FOR THE EXPLORE SERIES

The vision of the Explore Series is for it to be a creative, unique and innovative experiment that allows you and your peers to explore the future of how human connection happens, in the face of current global challenges.

### FURTHER INFORMATION

Below is a snapshot of some of the sessions which are taking place. Please download the full agenda to build your own day based on your life and work commitments and your passions. Our team will guide you through the day in the private LinkedIn group, so if you lose track of the day, log in and we will get you back in the flow!

Each experimenting session is recorded to account for timezones. On-demand sessions are available throughout the day for you to explore independently aligned with the SDGs, with a link to the website posted on the LinkedIn group on 22nd. Following this event a white paper will be produced which you will have access to.

### TYPES OF CONTENT

#### Experimenting

20 minute live and interactive experiments that will provide unique explorations into human connection. The SDG linked to each session is outlined on the full agenda.

#### Listening

The opportunity to listen to external sessions that you have exclusive access to during this Explore Series.

#### Networking

15-25 minute sessions with your peers that allow you to actively engage with ways of connecting that you may not have experienced before. All networking sessions link to SDG 17: Partnerships for the Goals.

#### Participating

Participate in roundtable discussions giving you the opportunity to feed into high level strategic conversations on the future of human connection. All participating sessions link to SDG 16 Target 7: Ensure responsive, inclusive, participatory and representative decision-making at all levels.

# SESSIONS INCLUDE:

## **An experiment to explore vocalising** *with Tia Hooper*

Tia is a young person in action, vocalising the future she would like to see in the world. Tia will share her story and explore how using your voice is an action everyone can take.

*This experiment links to SDG 13: Climate Action.*

- Be inspired to make your voice heard.
- Hear how you can connect with businesses, governments and your communities.
- Understand how you can use your voice.

## **Explore the challenges you are facing** *with Positive Impact Events*

In this networking session you will have the opportunity to share your challenges with your peers and hear their solutions. You will also be able to provide solutions to them.

*This networking links to SDG 17: Partnerships for the Goals.*

- Share your challenges and hear your peers solutions.
- Use your expertise to help your peers.
- Reflect on how sharing your challenges created connection.

## **A workshop for climate attaches on ISO 20121** *with Positive Impact Events*

A behind the scenes experience of how global UK Foreign and Commonwealth Offices (FCOs) are in action to improve the sustainability of their events through implementing ISO 20121.

- Gains insights into ISO 20121.
- See how government is in action on sustainability in the event industry.

## **Contribute your ideas to the UN** *with Fiona Pelham and UN bodies*

In these roundtables, Fiona, CEO of Positive Impact Events, will be joined by several United Nations bodies so you can contribute your ideas to frameworks, policies, white papers and other documents which will be used by United Nations bodies and corporate sustainability leaders.

*This session links to SDG 16.7: Ensure responsive, inclusive, participatory and representative decision-making at all levels.*

- Have your voice heard by UN bodies.
- Join your peers in raising the profile of the global event industry in progressing the SDGs.
